

Lesson  2**What Is an Ordinal Number?**

Let's learn about **ordinal numbers**.

Part 1

Warm up

Who won first place?

Focus on

Let's learn the new words!

Take turns reading the words and sentences.

first - 1st

Focus on

Let's learn the new words!

Take turns reading the words and sentences.

first - 1st

Jim won **first** (1st) prize in the race.

**Focus on**

Let's learn the new words!

Take turns reading the words and sentences.

second - 2nd

Focus on 
Peer Study

Let's learn the new words!

Take turns reading the words and sentences.

second - 2nd

Kate won **second** (2nd) prize in the race.

Focus on

Let's learn the new words!

Take turns reading the words and sentences.

third - 3rd

**Focus on**

Let's learn the new words!

Take turns reading the words and sentences.

third - 3rd

Will won **third** (3rd) prize in the race.

**Focus on**

Let's learn the new words!

Take turns reading the words.

fourth - 4th

fifth - 5th

sixth - 6th

seventh - 7th

eighth - 8th

ninth - 9th

tenth - 10th

Focus on 
Peer Study

Take turns to match the numbers to the words.

5th7th3rd9th10th4th2nd6th8th1st

fourth

second

ninth

fifth

eighth

sixth

tenth

third

first

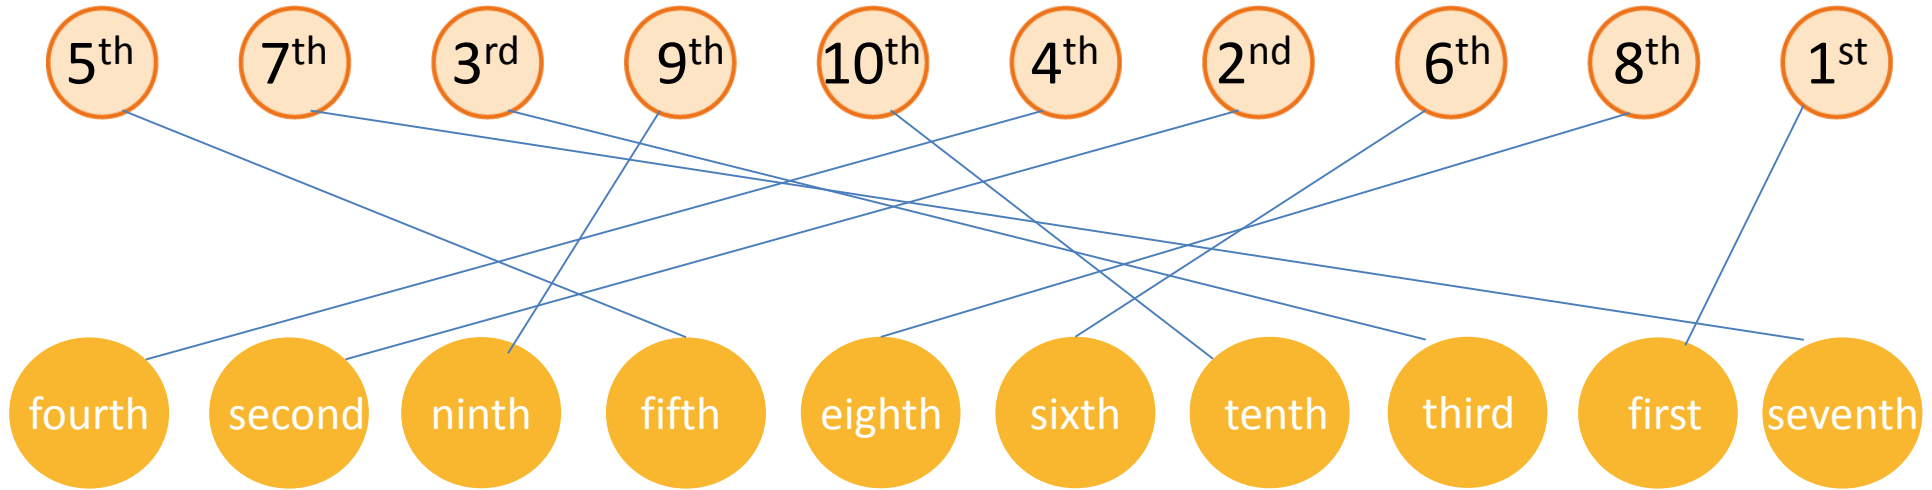

seventh

Focus on

Take turns to match the numbers to the words.

Have fun

Peer Study

Compete to circle the correct ordinal to match the number.

Have fun

Peer Study

Compete to circle the correct ordinal to match the number.

9

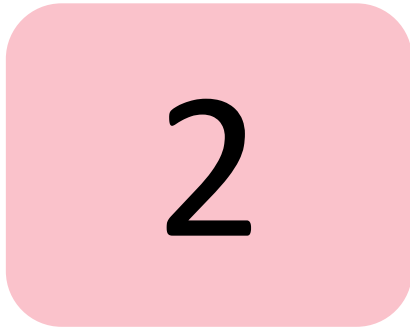

Have fun

Peer Study

Compete to circle the correct ordinal to match the number.

Have fun

Peer Study

Compete to circle the correct ordinal to match the number.

Get ready

Watch a video, then answer the question.

What is Mandy doing?

**Get ready**

Do you want to be
Jimmy or Mandy?

Do a role-play.

(Jimmy and Mandy are watching a marathon.)

Mandy, what are you doing?

I'm watching a kind of race called a marathon on TV.
The athlete from Africa just finished in first place.

What do you mean by "finished in first place"?

It means the athlete is the winner because he
crossed the finish line first.

Get ready

Peer Study

Do a role-play.

Do you want to be Jimmy or Mandy?

So he is No.1, is that right?

Yeah, but in this case^① we commonly use an ordinal number like first, second, third and so on. Ordinal numbers show the position^② of something in a group. Look! The Chinese athlete just won second place!

Great! Now, let's see who will finish third ...

- ① in this case: 在这种情况下
② position: 位置

Grammar

Practice and make sentences.

Take turns:
S1: Make a sentence.
S2: Judge whether S1 is
correct or not.

What do you mean by “finished in first place”?

What do you mean by ...
你说 是什么意思?

What do you mean by this word?

2. Take turns to choose the right answers.

We can write ordinal numbers as a word like first (first, 1st) or as a number like 1st (first, 1st).

The last two letters of the ordinal numbers 4-10 are th (th, st, nd, rd), like in 4th.

The last two letters of the ordinal numbers 1, 2 and 3 are st, nd and rd (th, st, nd, rd).

Homework

1. Listen to the “Branch out” recording from Lesson 2 Part 2, then repeat.
2. Search on the internet to find out how to write an ordinal number that is greater than twenty. Then check them with your partner in the next class.
网上查找我们要怎么写大于二十的序数词，然后下节课和小伙伴比对。
