Have fun

Let's read!

We learned three new word / phrases.

polluted

water resources

water recycling

Have fun

Read it in a quieter / louder voice.

polluted

water resources

water recycling

Take turns:

S1: Read a word

S2: Repeat it in a quieter
/ louder voice.

Get ready

Watch a video.

Get ready

Do a role-play.

(Jimmy and Mandy are talking about *water resources*.)

Hey Mandy. What are you doing?

I'm watching a **documentary**^① about water resources.

What does it say?

It says there isn't much water in Africa^② and that much of it is often **polluted**.

Do you want to be Jimmy or Mandy?

- ① documentary: 纪录片
- ② Africa: 非洲

Get ready

Do a role-play.

That's terrible!

Yeah, that's one reason I asked you to not waste water. You see? Lots of people can't even get clean drinking water!

Yes, I understand much better now. **Recycling** water is also a good way of not wasting it, right?

Yes, you're right!

Grammar

Practice and make sentences.

I'm **watching** a documentary about water resources.

She's **reading** a book now.

be doing sth
正在做某事……

Take turns:

S1: Read one sentence.

S2: Repeat the sentence in a quieter voice.

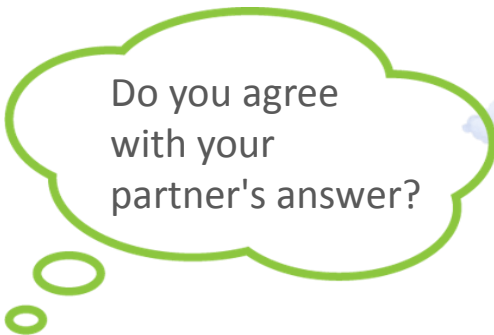

Check here
