

Lesson 6

Math: 数学

What number is one fewer than five?

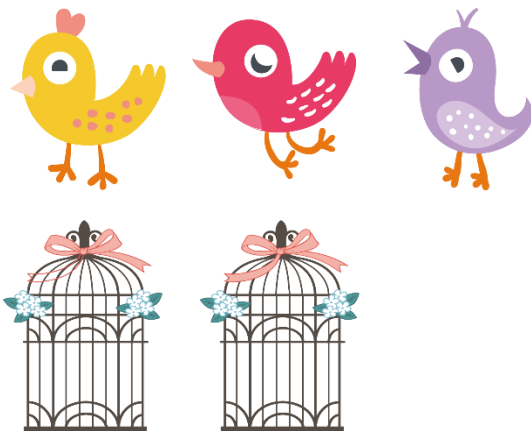

Let's learn some **numbers**.

Part 1

Warm up

Are there enough cages for all the birds?

 **Focus on**

Learn the words.

What is in the
picture?

Focus on

Learn the words.

owl

An owl often acts at night.

Focus on

Learn the words.

What is in the picture?

Focus on

Learn the words.

storm

The storm is coming. Be careful.

Focus on

Learn the words.

What is in the
picture?

Focus on

Learn the words.

branch

Leaves grow on the branch.

 **Focus on**

Learn the words.

What is on the
branch?

Focus on

Learn the words.

nest

There are three eggs in the nest.

Focus on

Let's see who is the fastest to match the pictures with the words.

A

nest

B

branch

C

owl

D

storm

Focus on

Let's see who is the fastest to match the pictures with the words.

A

B

C

D

nest

branch

owl

storm

Have fun

Say it as fast as you can.

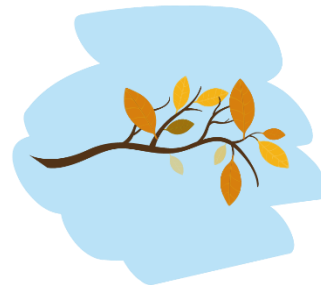

nest

branch

owl

storm

Have fun

Say it as fast as you can.

nest

Have fun

Say it as fast as you can.

owl

 **Have fun**

Say it as fast as you can.

storm

Have fun

Say it as fast as you can.

branch

Get ready

Watch a video, then answer the question.

What is on the way?

Get ready

Let's role-play.

(Mandy and Jimmy are watching *owls* in the evening.)

Sounds like there is a **storm** on the way^①.

I'm not sure. Do you think each owl has a **nest**?

Oh no, it's going to rain hard^②.
What do you think will **happen** to the owls?

① on the way: 在途中
② hard: 猛烈地

Yes, I think so. Look, one of the 5 owls is flying away. That means there is one **fewer** owl on the branch.

Do you want to be Jimmy or Mandy?

Get ready

Let's role-play.

Look! The **rest**^③ of the owls are flying away, too.

Well, that's good. Each owl will be **safe** in its nest.

③ rest: 剩余

Grammar

Role-play and make sentences using the key word.

I have 20 friends in school.

fewer...

(比较级) 更少地

I have 5 **fewer** friends in school,
so I have 15 friends.

Check here

1. Role-play and complete the conversations.

① **A:** What number is one fewer than ?

B: One fewer than  is _____.

② **A:** What number is one fewer than ?

B: One fewer than  is _____.

③ **A:** What number is one fewer than ?

B: One fewer than  is _____.

Check here

1. Role-play and complete the conversations.

① **A:** What number is one fewer than ?

B: One fewer than  is 5.

② **A:** What number is one fewer than ?

B: One fewer than  is 8.

③ **A:** What number is one fewer than ?

B: One fewer than  is 4.

Check here

2. Choose the correct answers, then invite your partner to check them.

① Are there more green blocks or yellow blocks?

A.  green blocks B.  yellow blocks

② Are there fewer gray blocks or orange blocks?

A.  gray blocks B.  orange blocks

Check here

2. Choose the correct answers, then invite your partner to check them.

1 Are there more green blocks or yellow blocks?

A.  green blocks B.  yellow blocks

2 Are there fewer gray blocks or orange blocks?

A.  gray blocks B.  orange blocks

Homework

1. Listen to the “Branch out” recording from Lesson 6 Part 2, then repeat.
2. Fill in the table with correct numbers. Compare your answers with your partner.
 用正确的数字填写表格。然后把你的答案和同伴进行对比吧！

What number is ...	one fewer than five	three fewer than ten	two fewer than six	six fewer than twelve.
	e.g. four			

Goodbye!
